MT 2025 <a href="#">SB 243</a>	<a href="#">Ellie Boldman</a>	Amend zoning regulations to allow taller buildings  <i>This legislation amends the current zoning regulations in Montana to facilitate the construction of taller buildings in municipalities with populations over 5,000. It allows for the development of multiple-unit dwellings and mixed-use projects in designated urban areas, provided they are in commercial zones and have the requisite municipal water and sewer services. Additionally, the bill stipulates municipalities cannot require more than one off-street parking space per unit and cannot impose height restrictions that limit buildings to fewer than six stories. While the bill aims to support urban development and housing growth, it poses challenges for cities and towns that wish to maintain greater control over zoning or require additional time to adapt their infrastructure to support this expansion.</i>  <b>Hearing • Senate Local Government</b>  Feb 12, 2025 03:00pm Room 405	Senate, Feb 4, 2025: (S) Hearing -- (S) Local Government 02/12/2025 03:00 PM, Room 405	<a href="#">SB0243_1</a>	<b>Subjects</b> D. Third-class cities can enter into contracts with local agencies. If a city or town lacks a police department, the county sheriff must provide services, which the city or town must pay.
